Employment Opportunity

Novartis, one of the largest and fastest-growing global pharmaceutical companies, would like to recruit a highly professional candidate to lead its **Oncology Business**.

The Business Unit Head will be responsible to lead, manage, and develop the overall performance of the product portfolio. Responsible for the overall Profit & Loss of the business while developing sales strategies, establishing sales goals, managing sales including selection and training of associates, effectively identifying and monitoring local market conditions, building strong customer relationships and personally interacting with the local healthcare environment.

Required Qualifications:

- A Pharmacy, Medicine or Science degree, (additional business qualifications will be a plus) and very good command of English and Farsi (both written and spoken).
- Minimum 3 to 5 years management experience in related fields (preferably in the Pharmaceutical industry; Oncology business exposure would be a plus).
- Prior work experience with Multinational Companies will be an advantage.
- Familiar with Pharmaceutical Industry Regulations.
- Prior experience and interaction with reimbursement bodies such as social security organizations.
- Good Communication, Negotiation, Organizational and Computer skills.
- Able to work independently with minimal supervision.
- Ideal age of 35 to 45.

You can send your CV (Resume) to the following fax number or email address:
